With utmost gratitude to Ellen Cassilly & Frank Konhaus of Cassilhaus.
You are gems with the kindest hearts. Thank you for welcoming me into your home and allowing me to grow in this space. It's been an amazing experience. Thank you so much!

To my thesis committee: Shambhavi Kaul, Tom Rankin, and David Gatten -- your efforts are unmatched. I would especially like to thank Shambhavi Kaul for being such a reliable mentor and a trusted friend.

To my family who has taught me to cherish both humor and loyalty, you are always with me.
To Mike Powers who has helped me see past doubts and realize my goals.

Ted Mott-- You keep the chaos organized and always in a responsive, respectful manner.
To David Summer of The Framer's Corner -- pleasure to work with you, the frames are beautiful.

To the Tonda, Tori, and Ellenora for welcoming me into Love Valley and allowing me to access the town archives. To Pop Harris whose photos are vivid time capsules of a utopian experiment, and to the residents of Love Valley, thank you.
